

CANCELLATION POLICY

Life is often unpredictable, emergencies arise. I accept this fact. Therefore, cancellations are acceptable for your session. However, a late cancellation poses special problems for me in making that time available for someone else in pain that needs my assistance.

Cancellations must be received during office hours 24 hours before your scheduled appointment or you will be billed for the appointment. If I am able to fill your cancelled appointment time, you will not be charged for the cancellation. Failing to show for an appointment is billed at the full rate.
